

Platelets for Neonatal Transfusion - Study 2

PlaNiT-2

Dear

PlaNiT-2 Two Year Follow Up

You may remember very kindly agreeing to your baby being involved in a study called PlaNiT-2 when your baby was in the Neonatal Intensive Care Unit. At that time we asked your permission to contact you when your baby reached 2 years of age. As your baby has now reached this age, we are getting in touch with you.

We would be grateful if you are able to contact the PlaNiT-2 Research Nurse on Telephone: 01772 524242 or via email: Joanna.lees@lthtr.nhs.uk or Catherine.nash@lthtr.nhs.uk to arrange a time for him/her to speak with you in more detail and be able to ask a few questions about how your baby is doing. This should take about ten minutes.

All the information that we collect is confidential and will only be used for the purpose of the trial. As before, your baby will not be identifiable by name in any reports that are produced.

We do appreciate your co-operation and help and hope that you will be able to provide us with this information.

For more information on the trial background, please go to www.planet-2.com

If you wish to withdraw from PlaNiT-2, or have any further queries, please do not hesitate to contact the team using the contact details above

Yours sincerely,

Dr Gupta
Consultant Neonatologist
