

Thank you for allowing to be part of this important trial during his / her stay at the Neonatal Unit.

To complete the study we would like to know how your child is getting on when he / she is around 2 years of age (corrected). For this reason we will be contacting you around this time.

If you would like to see how the trial is progressing, please visit the trial website: www.planet-2.com

Thank you for continuing to support us and helping to improve neonatal care.
